Features

- output device
- spindle locking device

- If the year of construction has a "tüp."-date, that means the machine has been electrically and technically inspected by us on that date.
- If the year of construction has a "tüb."-date, that means the machine has been partially overhauled on that date according to the prior owner.
- If the year of construction is marked "*", it is the information the prior owner relayed to us or our own estimation.
